Subject: Sequence search request 10/774721

4/28/08

Re: 10/774721

Please perform the following searches in the above application:

1. A score over length search of nucleic acid sequence SEQ ID NO:21, looking for hits of between 10 and 100 nucleotides in length, with 95% or greater complementarity to the target.

2. A standard search of SEQ ID NO:21.

In each case, please provide alignments for all hits of 95% match and greater.

Thanks,

Louis Wollenberger
